EDUCATION

Mjokwane Secondary School

2016

Grade 12

Vaal University of Technology

2021

Diploma in Computer Systems Engineering

See attached Completion letter and Academic record

OBJECTIVE

As a final year student in Computer Systems Engineering, I seek challenging opportunities where I can fully use my skills for the success of the organization. I have no work experience but with my academic skills I promise to provide high-quality learning and work that will be valuable to the organization, as this will also encourage me to flourish as a Computer Systems Engineer/Technician.

PROJECTS

Website Development: My Portfolio Website

Website developed using HTML, CSS & Javascript. I deployed or published it using Github:
